SUBJECT : List of Political Detainees

REF :

Enclosed is a listing of human rights cases submitted to the Department by the Argentine Committee on Human Rights in Washington. The listing was raised by President Carter during his White House conversation with President Videla on September 9. At that time, President Carter noted that the accuracy of the list could not be determined by the US, but it was of concern to the US. He further said that the State Department would make the list available to the Argentine government.

Action Requested: Please present the attached list to the Working Group on Human Rights at the Argentine Foreign Ministry, and request that we be informed of the Argentine government's evaluation of the list and whatever information is available on individuals mentioned.

CHRISTOPHER. AUSTING
